Education For All Through Community Development

GCCA+ PROJECT TEAM CONDUCTS TRAINING ON CLIMATE CHANGE

FIOHTG has conducted sensitisation on climate change risks, hazards, adaptation and mitigation and disaster preparedness in the North Bank, Lower River, and West Coast regions. Beneficiary communities include Kuntair, Kerr Demba Holleh, Prince, Nyawurulung, Fellenkoto, Sibito, Manduar, Madina Sancha and Kerr Ardo .

The sensitization events are part of the GCCA+ project aimed at promoting the development of integrated commu-

nity-based climate change mitigation and adaptation mechanisms for enhanced livelihood.

The overall objective of the project is: “to promote the development of integrated community-based climate change mitigation and adaptation mechanisms for enhanced livelihoods in 12 communities, including 3 Lower Basic Schools in NBR, LRR and WCR of the Gambia by February 2022”.

“It is a sobering reflection that in a relatively short period of our history most of our larger wildlife species have disappeared together with much of the original forest cover. The survival of the wildlife still remaining with us and the setting aside of protected natural habitats for them is the concern of all of us”.

Dawda Jawara, Banjul Declaration

FIOHTG & PCU ON JOINT MONITORING OF WORLD BANK SPONSORED SCHOOLS/CLASSROOMS

The Director of FIOHTG, Jainaba T. Sarr, the Construction Unit and the PCU staff of the Ministry of Basic and Secondary Education embarked on a joint monitoring exercise to assess the level of progress of the World Bank sponsored school projects.

GBV SENSITIZATION WRAPS UP IN CRR

A six day sensitization on gender based violence and violence against children has been concluded in the Central River Region. The sensitization held in Bani, Njallal, Fitu Fulla, Kibiri, Demba Kally and Demba Faye is part of the regulations of the World Bank's sponsored school projects.
